

THURSDAY 1 OCTOBER 2026

12:30 – 4:00 PM

GRANULATING WATERCOLOURS - AUSTRALIAN BOTANICALS

with **Natalie Fernandes**

Learn the secret to glorious granulation and how to get the best out of your watercolours. In this hands on workshop we will practice creating rich texture through granulation. Learn the best conditions and colours for helping this process along. We put our learning into practice by creating a large expressive Australian botanical painting.

Material list: see separate document on-line

Find the workshop on our website
